Hey Brad,
Palavesam Chandrasekhar (Palavesam.Chandrasekar@qbe.com) is the QBE contact who insisted the laptop be returned in New York rather than London.
As I mentioned before, I don't believe QBE or Mphasis fully understands what transpired. What I *do* know is that QBE was taken advantage of—and I can prove it. The video at <https://Kestri.com> shows my system executing flawlessly in under a second, while the version on the right side stumbles for 30 seconds and even hallucinates when prompted about “data protection.”
Let me know if you'd like me to walk you through it.

Copy.

I wanted to remind you of the promise I made to you and Palavesam. If the current Legal NDA app doesn't meet the business's SLA requirements, feel free to use the solution I built for [DocNote.ai](#) as a starting point for decoding NDAs. It's cloud-agnostic and should be flexible enough for your needs.

Wishing you a Merry Christmas! When I return to New York in the new year, I'll drop off the QBE laptop at the QBE offices, unless I hear otherwise. It's been a pleasure working with the QBE team.

Kind regards,
Albert

QBE Entity.

do start the process to return the **QBE** laptop assigned to you starting...leadership on how to return to the **QBE** location.~

Subject: End date for contract

AI – Due to funding changes for our application roadmap and role re-alignments we will need to do as a result, we will be ending the contract for your position ,in order to get you some notice and continued billing through the holidays , we have advised Mphasis that you can bill through Dec 31st. However please do start the process to return the QBE laptop assigned to you starting next week due to the holidays and please co-ordinate with the Mphasis leadership on how to return to the QBE location. Calling the service desk for a pre paid shipping label is also a option.

I thank you for some of the observations you have provided us on the Q-GPT application. Best wishes on your onward journey. Hope you picked up some neat Azure skills !

Regards
